

PLANET BIKE
NEW PRODUCTS 2024

BETTER PRODUCTS BETTER WORLD

We love the balance that the bicycle brings to the world and its power to make people, communities and the planet healthier. In addition to creating products that make cycling safer and more enjoyable, we pledge time, resources and profits to organizations working for sustainable transportation solutions.

ADVOCACY IN ACTION

We believe bicycles add vibrancy to our communities. When we're out in the world pedaling around, we're happier and healthier and more deeply connected to the people and places within our neighborhoods.

We dream about the day when all towns and cities are more bicycle-friendly and that's why we give time, resources and profits to organizations working for sustainable transportation solutions.

BEAMER 200
BIKE HEADLIGHT

BEAMER 200

BIKE HEADLIGHT

MSRP: \$24.99 Part no: 3204

When the sun sets and the road ahead fades into darkness, trust in the power of our Planet Bike Beamer 200 bike headlight to light up your path. Say goodbye to uncertainty and hello to a safer, more enjoyable cycling experience with the front light designed with your ride in mind. Powerful illumination by reflector lens technology provides a bright, consistent beam that extends your visibility and ensures you're seen by others on the road. The Beamer 200 is designed by cyclists for cyclists with 4-modes including a high-beam for the darkest roads, a low-beam to conserve energy without compromising visibility, and multiple flashing modes to grab attention and stay safe in traffic. Don't let darkness hold you back. Illuminate your ride with the Planet Bike Beamer 200 and wherever your wheels take you, it'll light the way.

**FORK MOUNT
HEADLIGHT BRACKET**

FORK MOUNT

BIKE HEADLIGHT BRACKET

MSRP: \$14.99 Part no: 3117

The Bolt-on headlight bracket securely fastens to the fork crown, offering an innovative mounting solution that centers your headlight directly above the front wheel of the bike. Included with the bracket is a dedicated platform, thoughtfully engineered to seamlessly integrate with all Planet Bike lights. For added versatility, this platform can be swiftly detached, transforming it into a universal 26.2 diameter mount that effortlessly accommodates a wide array of clamp and stretch strap mounting systems for whatever light you choose to brighten your path!

- Planet Bike specific platform works with all Blaze® headlights
- Converts to a 26.2mm universal mount to fit all Planet Bike headlights and most other headlight brands

- Bracket bolts through brake mount on fork crown (hardware included)
- Weight: 72 grams

**GARMIN® MOUNT
FOR BLAZE® & BEAMER**

GARMIN® MOUNT

FOR BLAZE® & BEAMER

MSRP: \$4.99 Part no: 3119 / 3120

Elevate your light experience with this nifty little headlight accessory that adds another level of convenience so you can mount directly to a Garmin® base. Whether you choose to free up space on your handlebar with an outfront mount, or simply swap over from a computer to your light when the conditions call for it, this small accessory means you can choose how and where to mount your light. It's designed to be perfectly compatible with all mounts that use the proprietary Garmin®-style locking system. Simply click it into place on your Planet Bike headlights that use the Blaze® QuickTwist™ or Beamer A3™ mounting system and lock it in place on your Garmin®, K-Edge, or other compatible mount.

[3119] For use with Beamer A3™ mount

SHIFTY & SHIFTY DUO HANDLEBAR GRIPS

SHIFTY & SHIFTY DUO

HAPPY HANDS GRIPS

MSRP: SHIFTY - \$24.99 SHIFTY DUO - \$19.99 Part no: 5156 / 5157

The 100% recycled Shifty and Shifty Duo Grips are designed as an ergonomic solution to anyone riding with a Gripshift™ or other twist shift style shifters. Shifty Grips keep your hands “happy” by reducing stress on the palm and creating a comfortable point of contact between you and your bike. The non-slip rubber texture works great in any weather.

Shifty Grips, with full 132mm left grip and 92mm right grip, make perfect replacement grips for anyone with a one-by twist shift bike, like many electric bikes. Have a bike with two grip shifts? Look no further! Shifty Grips Duo, with left and right 92mm length, are ideal for any bike with front and rear Gripshift™ or other twist shift style rear shifters. Give your hands the break they deserve and enjoy this unique, Earth-friendly solution to your riding issues!

- Core is made of 100% recycled post-consumer plastic
- Ergonomic shape and durable synthetic rubber construction give optimum anti-slip control, even on demanding terrain or in wet conditions
- Shifty's (5156) left side is 132mm and right side is 92mm; designed for twist shift style bikes
- Shifty Duo (5157) has left and right 92mm grips for both front and rear shifters
- Installation is easy with a single lock-on alloy expanding bolt system that keeps grips in place while you ride. Hex wrench for installation is included
- Designed to fit any standard straight bicycle handlebar with an outer diameter between 20-22mm
- Weight: Shifty Grips - 96 grams
Shifty Duo - 72 grams

**GRAVEL CROSS
HANDLEBAR TAPE**

GRAVEL CROSS

HANDLEBAR TAPE

MSRP: \$29.99 Part no: 5067

Planet Bike's Gravel Cross handlebar tape is designed for cyclists who demand a tacky handlebar tape for extra grip. Whether you're riding cyclocross or on an epic gravel challenge, the cross hatch pattern adds another layer to insure your grip and to help prevent your hands from getting tired. The EVA foam under layer makes the handlebar tape easy to stretch and mount. Elevate your ride and experience the ultimate in cycling comfort with this precision tape designed to withstand the elements, so you can trust it rain or shine!

- EVA foam under layer for ultimate shock absorption
- Rubber outer coating with woven texture for a super anti-slip grip

- Elasticity and adhesive gel infused 3M backing makes wrapping and rewinding a snap
- Includes: 2 full length strips, 2 short brake lever strips, 2 finishing strips, 2 expandable bolt-mounted bar end plugs (3mm hex wrench included)
- UV protected color
- Color: Black

**QUICK STOP
CHAIN LOCK**

QUICK STOP CHAIN

RESETTABLE BIKE LOCK

MSRP: \$29.99 Part no: 2019

The Quick Stop Chain Resettable bike lock is perfect for quickly and easily securing your bike when you're wheeling around town and need to make a stop. The combination is easy to set to the four-digit code of your choosing. The sturdy chain is 100cm in length and is made up of 4mm temper-hardened steel links. A nylon sleeve protects your bike's finish when locked and prevents noisy rattling when you're out on a ride. It's a great lock for conventional and electric bikes because it offers security in a compact and easy to carry design. Now there is no excuse to get caught on a ride without a lock!

- Lightweight and compact linked chain design is easy to carry
- Durable weatherproof nylon sleeve protects bicycle's finish and dampens clanging while riding

- 4mm heat treated hardened steel links form a 100cm length chain
- Easy-to-use resettable bike combination lock
- Weight: 1.3 lbs
- Dimensions: 2x100cm

TOPO TRAIL

FULL FINGER CYCLING GLOVES

MSRP: \$24.99 Part no: 9006 S-XL

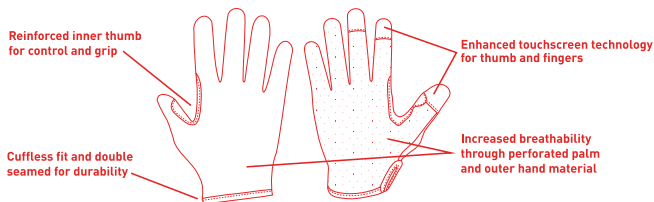

The Topo Trail full finger bicycling glove is a minimalistic and lightweight cycling glove built for all-day mountain bike, gravel and road rides. Breathable 4-way stretch mesh fabric covers the back of the hand to provide a close, articulated, and comfortable fit that keeps your hands cool on hot days. The slim and durable Amara synthetic leather palm has a re-enforced inner thumb to keep you in close contact with your bars for great feedback and control. Touch screen pads on the thumb, middle and index fingers let you use your smartphone without removing your gloves. The topographic stylized motif and slip-on design make for a glove that looks sharp, feels light on the hand and provides the dexterity of a second skin on any bicycling adventure.

PAVO

FULL FINGER CYCLING GLOVES

MSRP: \$24.99 Part no: 9007 (green) / 9008 (black) S-XL

We built the Pavo full finger cycling glove to meet the challenge of an IMBA EPIC ride. It's technically designed with all the features you need for long summer days on your bike. The back of the hand is covered with close-fitting perforated 4-way stretch mesh fabric to provide great breathability to keep your hands sweat free and cool. The slim and durable synthetic palm is perforated for additional ventilation and the re-enforced inner thumb keep you in close contact with your bars for great feedback and control. Touch-screen compatible pads on the thumb, middle and index fingers let you access your smartphone without de-gloving. The clean style and closure-less slip-on design make these the ideal glove for all your epic summer adventures whether you're tackling the Monarch Crest trail or bicycling on your local terrain.

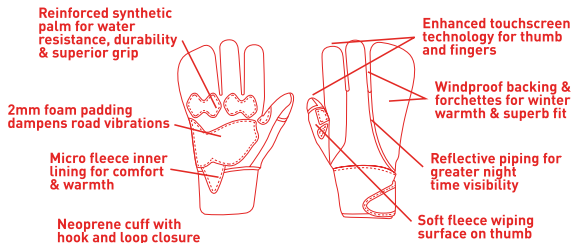

BOREALIS

WINTER CYCLING GLOVES

MSRP: \$39.99 Part no: 9004 S-XL

We believe that bicycling fun shouldn't go into hibernation when the mercury drops. That's why we created the Borealis cycling gloves. The half lobster construction has an extra warm and comfortable fleece lining, covered by a wind and water-resistant outer shell that protects your hands from the punishing wind, cold, and snow. The waterproof synthetic serino palm has reinforced zones for durability and a tacky grip that creates a positive point of contact with your bars and when shifting and braking. Touch-screen compatible pads on the thumb and index finger let you access your smartphone without de-gloving. We think you'll appreciate all the technical specs of this robust glove as you pedal through frosty winter weather.

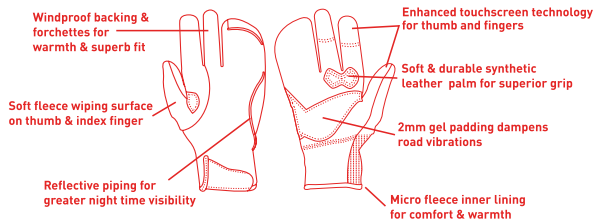

AQUILO

COOL WEATHER CYCLING GLOVES

MSRP: \$34.99 Part no: 9005 S-XL

What could be better than pedaling your favorite trail or path on a crisp afternoon with a canopy of autumnal oranges and reds overhead? Bicycling in cooler weather is a joy and that's why we've created the Aquilo cycling gloves. The 4-way stretch windproof fabric covers the back of the hand to provide a close and comfortable fit that takes the bite out of the wind on cool rides. The interior is lined with a warm and comfortable brushed fleece lining. Touch-screen compatible pads on the thumb, middle and index fingers let you access your smartphone without de-gloving. Additionally, we've added a nose wipe on the thumb and index finger and reflective piping on the back of the hand. Give them a try and you'll find that they're lightweight, slim-fitting and surprisingly warm.

ARS LIFT 210/175

BIKE SEAT NOW WITH NO CUTOUT

MSRP: \$39.99 Part no: 5201/5200

The A.R.S. Lift bike seats are all about comfort, comfort and a little bit more comfort! Planet Bike's Anatomic Relief design is enhanced with Lift technology. The cambered cushion design reduces pressure on your sit bones. The ergonomic form is supported with gel and foam padding and dampening inserts to maximize comfort, soften road vibrations and decrease pressure on soft tissue areas. The Lift handle gives you a great hand hold to more easily pick up and move your bike. The ARS Lift bicycle saddles are designed for recreational, leisure, and E-Bike cyclists looking for a wider platform and extra cushion and shock absorption. There is no reason to be uncomfortable on your bike!
