BETTER PRODUCTS. BETTER WORLD.

# BETTER PRODUCTS. BETTER WORLD

We love the balance the bicycle brings to the world and its power to make people, communities and the planet healthier. In addition to creating products that make cycling safer and more enjoyable, we pledge time, resources and profits to organizations working for sustainable transportation solutions.

## COME RIDE WITH US.

## A handheld hair dryer with a black body and a silver-colored nozzle. The brand name 'BLAZE' and model '6000SL' are printed in red on the black section. It has a black handle with a trigger switch and a silver-colored nozzle with a diffuser.

**NEW**  
Clean Beam

The newest version of our Blaze SLX headlights come with Clean Beam lensing which creates a horizontal cut-off beam for courteous, anti-glare illumination that won't blind oncoming cyclists and path users. Great optics, abundant lumen output and Clean Beam technology make the Planet Bike Blaze SLX headlights a great choice for cyclists.

## CURRENT 500 E-BIKE HEADLIGHT (3500)

The Planet Bike Current 500 front white head light is designed to illuminate the path ahead whenever you hop on your electric bike. The OSRAM LED delivers 500 lumens and the precision fish eye Clean Beam lensing creates a horizontal cut-off beam that won't blind oncoming cyclists and path users. The sleek, rugged and compact form is constructed of aluminum alloy and mounts neatly to your bike's fork crown. The mounting bracket's dual pivot points let you fine tune the beam to ideally project light for a safe ride day or night.
