We love the balance that the bicycle brings to the world and its power to make people, communities and the planet healthier. In addition to creating products that make cycling safer and more enjoyable, we pledge time, resources and profits to organizations working for sustainable transportation solutions.

Information:

- Steady blue light: fully charged
- Never store battery dead. Charge the battery after each ride.
- Expected battery life is 500 charge cycles. Battery:
- If the Light is stored long term, charge the battery every three months.
- Charge using approved USB charging device only.
- Light has auto shut off when light is fully charged, however, even leave light charging for more than 24 hours.
- Keep away from fire and extreme heat.
- Visit www.planetbike.com for replacement parts.

Warning: This light is not meant to replace your CPE reflector that came with your bicycle. Your reflectors should never be removed from your bicycle. Riding your bicycle at night is an inherently dangerous activity. No lighting system can protect you from inattentive drivers or road hazards. We recommend strict adherence to traffic laws, use of common sense, caution, reflective clothing and a helmet wearing when riding in the dark.

Charge:
- Time to charge will vary; charging device will take 5 hours.
- Charge fully; make sure battery is fully charged before riding if light has not been charged recently.
- Charge using approved USB charging device only.
- Keep away from fire and extreme heat.
- Visitez www.planetbike.com for replacement parts.

- Charge, cependant, doit être effectuée à intervalles réguliers.
- Charge, cependant, doit être effectuée à intervalles réguliers.
- Charge, cependant, doit être effectuée à intervalles réguliers.

Advertencia sobre el reflector de PUNTOS:
- Advertencia: Esta luz no está diseñada para remplazar los reflectores que vienen con su bicicleta. Nunca quite los reflectores de la bicicleta. Andar en bicicleta durante la noche es una actividad intrínsecamente peligrosa. Ningún sistema de iluminación puede proteger de los conducidos distractivos o de los riesgos de la ruta. Recomendamos el cumplimiento estricto de las leyes de tráfico y el uso de cascos.
Your light is shipped in its locked mode. To unlock, hold the power button down for 5-6 seconds, until traffic lights. The light will flash rapidly for 1-2 seconds signaling that the light is unlocked. Once unlocked, the light will flash rapidly for 1-2 seconds indicating the return to the locked mode. Place light in lock mode when transported or stored in back pack or bag. Lock mode will help preserve battery life and prevent the light from being turned on accidentally while not in use.

The light gets hot while in use. Failure to use lock mode as instructed could cause damage to the light, other personal property, injury, or death. Planet Bike is not responsible for damage as a result of not following product instructions.

Standard modes:

Once light is unlocked, tap the power button to turn on and scroll through the standard modes. Hold the power button down for 2-3 seconds to turn off.

Mode recall:

This light will remember last mode used and return to that mode when the light is turned back on.

Warranty:

Planet Bike Warranty:

We offer a two-year warranty on this product. This includes defects in workmanship and material for the original owner. Warranty does not cover damage due to accident, abuse, or normal wear and tear. Any modification voids warranty. Proof of purchase required. Contact your Planet Bike dealer or Planet Bike.

Guarantee of Planet Bike:

We offer a guarantee of two years on this product. This guarantee covers defects in materials and workmanship. We assume no responsibility for defects caused by the buyer, use, or abuse. This guarantee is void if the product is modified in any way.
